A PRODUCT OF voyager™ INDUSTRIES

ABOUT US

Located in the heart of the Minnesota lakes area, Voyager Industries™ is a leading manufacturer, distributor, and fabricator of aluminum. Voyager Industries manufactures multiple products to meet the wants and needs of customers around the world.

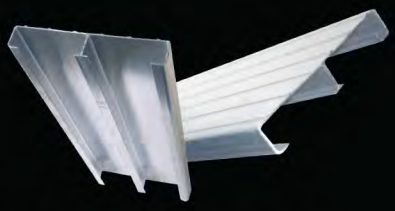

Proprietary brands include **Bear Track Trailers, Yetti Fish Houses™, Titan Deck®, and Voyager Dock®**. We know that there is work to be done, and fun to be had. This is why we put ease on our customers mind by building with aluminum.

Stronger, longer - when you build with aluminum.

ENGINEERED FOR STRENGTH & DURABILITY

ALL ALUMINUM CONSTRUCTION

Bear Track Trailers' all-aluminum construction creates the ultimate lightweight, virtually maintenance-free trailer.

DECKING THAT'S BUILT TO LAST

All Bear Track Trailers come standard with extruded, aluminum decking which eliminates deck warping, splinters, and cracks. These custom extrusions with specifically engineered contours also add to the trailer's overall strength and rigidity.

RUBBER TORSION AXLE *W/ EASY-ACCESS GREASE FITTING*

Design reduces frame flex in cross winds and on rough roads. There's no shock transfer from wheel to wheel and it lasts longer than traditional spring axles.

TOUCHPOINT WELD SYSTEM

Strategically placed welds where the deck meets the cross members add strength and rigidity to the trailer. You won't find this on the competition!

WISHBONE TONGUE DESIGN

All Bear Track trailers come standard with a wishbone tongue design, adding extra strength to the tongue and trailer frame – one tough trailer!

ENCLOSED AND JACKETED WIRING

Bear Track's WireGuard system ensures your wiring is protected from the elements and is something you never need to worry about. The harness is corrosion resistant and virtually maintenance free.

QUIETRIDE NOISE REDUCTION

The quietest trailers on the market! Minimal rattling and road noise. It's so quiet you'll forget you're pulling a trailer.

BEAR TRACK FIT AND FINISH

Bear Track Trailers are built with an industry-leading fit and finish quality. For over 15 years our team has taken pride in providing customers with the best-looking trailer, from aesthetics, to weld quality.

WHY CHOOSE A BEAR TRACK?

Fuel Economy Low Maintenance Durability – and more!

Bear Track aluminum trailers are built from a tough you've never seen before. Manufactured to the highest standards, Bear Track trailers are engineered to withstand the harshest environments and toughest loads!

SPECIAL FEATURES

1. Arched bi-fold end gate
2. Rubber torsion axle with easy access grease fitting
3. Extruded aluminum construction
4. Welded stake pockets
5. Curled front rail
6. Wishbone tongue
7. Enclosed jacketed wiring
8. More welds than the competition

(Standard Utility Trailer)

MODEL BTU65144S

UTILITY TRAILERS

MADE IN THE USA

From lawnmowers and golf carts to building supplies or large debris, hauling is a breeze with a **Bear Track utility trailer**. The easy-to-use trailer with a low-rise bed for easy loading will save time from loading into a cumbersome pickup bed or SUV. Plus – with a tough, all aluminum frame by Bear Track, you know you have the most innovative, dependable trailer on the market.

MODEL BTT81170S w/ optional Bi-Fold End Gate

STANDARD FEATURES

- LED Light Package
- Aluminum Rims
- Tongue Jack
- AeroSmart Bi-fold End Gate
  - Arched Bi-fold (Standard Utility), Straight HD Bi-fold (Single Axle HD Utility), Straight HD End Gate (Tandem Axle HD Utility)
- Hinged Gate System & Bolted-on Aluminum Fenders
- Curled Front Rail
- Formed and Hardened Tongue (select models)
- 5/8 in. Rod Corner Tie Down Points
- Custom Extruded Deep Side Rail
- SmartDrain System – Northern Climate Protection
- All Aluminum Construction with Decking That's Built to Last
- TouchPoint Weld System
- Wishbone Tongue Design
- WireGuard Enclosed and Jacketed Wiring System
- Rubber Torsion Axle with Easy Access Grease Fitting
- QuietRide Noise Reduction System
- Bear Track Fit and Finish

ACCESSORIES

- Front Rock Guard
- Open or Solid Side Kit
- Spare Tire Carrier
- Bi-fold Side Gate (Select Models)
- HD Straight Bi-fold Gate(s)
- D-Ring Tie Downs
- Bolt-On Stake Pocket (Select Models)
- Back-Up Lights Kit (Select Models)

See inside back cover for complete product specifications.

MODEL BTU65120S w/ optional rock guard & solid side kit

TILT UTILITY *TRAILERS*

MADE IN THE USA

Get fast, convenient loading and unloading with a **Bear Track tilt utility trailer**. ATVs and UTVs have never been easier to pack up and go. No matter what your adventure is, these all aluminum trailers are manufactured to withstand the harshest environments and toughest loads! With Bear Track, you know you're getting the most innovative, dependable trailer on the market.

STANDARD FEATURES

- LED Light Package
- Aluminum Rims
- Tongue Jack
- HD Tilt Latch
- Bolted-on Aluminum Fenders
- Custom Extruded Deep Side Rail
- All Aluminum Construction
- Decking That's Built to Last
- TouchPoint Weld System
- Wishbone Tongue Design
- WireGuard Enclosed and Jacketed Wiring System
- Rubber Torsion Axle with Easy Access Grease Fitting
